THE NEW INFORMATIVE CLASSIFIED LIST

Of The

World's Finest Blue Ribbon Daffodils

And Popular Older Types

1955

Again we take pleasure in presenting the most complete catalogue of DAFFODILS obtainable including about 100 new varieties which appear in capital letters (despite the fact that we have discarded about 300 varieties, which though still lovely, were either no longer outstanding or in demand by our customers and therefore not paying board!) These have been added to our various and justly famous MIXTURES. There can, of course, be no comparison between our SPECIAL NOVELTY MIXTURE, containing over 500 truly distinctive varieties, and the average mixture, boasting at most of 15 to 20 varieties.

To those not already cognizant of the fact, we would like to explain that all the varieties listed herein are grown here on our farm, have been tested by us and are retained or rejected according to their merits. The grower, George Heath, with his experience of more than 30 years solely in the DAFFODIL World, is uniquely qualified to present such a list and to assist you with your problems be they of culture or of choice. With him this is no idle hobby, but vocation as well as avocation. We have approximately 21 miles of Daffodils if measured by the row and we welcome those interested to see them. Although our season of blooms actually extends over several months, from mid-March to mid-April usually comprises our peak blooming period. Listed elsewhere you may find a list of a few places and occasions where we plan to maintain EXHIBITS of blooms this spring.

May we again attempt to emphasize how IMPERATIVE it is to **ORDER EARLY**. As we do raise ALL the varieties we list, we fortunately do not have to ask you to order as early as practically all other firms do who in turn must order from abroad or elsewhere. However, as we lift only half of our stocks each year, we urge you to get your order to us before AUGUST 1st, as we cannot dig after that date. To encourage early orders we offer a BULB DISCOUNT of 5% (in bulbs of our choice) on all orders received before August 1st. We start shipping in SEPTEMBER (the proper planting time) as soon as the State Inspection of bulbs has been completed. Our bulbs are painstakingly inspected twice yearly by skilled State Entomologists and are guaranteed free from disease as well as true to name. Our stocks must be replanted by November 1st. **PLEASE DON'T BE A LAGGARD AND LOOSE OUT!**

PRICES

Prices, as listed, are per bulb and are for top sized, double-nosed. Do not be led astray by cheap offers which are invariably for small, inferior bulbs. On quantity purchases allow the following discounts: 12 bulbs of a variety for the price of 10; 50 bulbs for the price of 40; and 100 for the price of 70. Write for quotations on larger quantities, also SPECIAL GARDEN CLUB discounts. In this unique business, where the price of bulbs goes down but the cost of labor, shipping materials, transportation as well as Parcel Post continues to soar, we find it necessary to make a charge of 50¢ east of the Mississippi, \$1.00 west of same to assist us to defray such expenses. Check with order please, or if desired, they will be sent C. O. D.

AMERICAN DAFFODIL SOCIETY

Join the American Daffodil Society and enjoy the fellowship, bulletins and progress of the Daffodil lovers of this country. The society's objectives are directed to the great numbers of amateur growers but are also designed to include the commercial and professional interests. Write for membership applications and information to: MRS. WILLIAM A. BRIDGES, Treasurer, 10 Othro Ridge Road, Towson, Maryland. As a member of the Board of Directors, George Heath urges his many Daffodil minded customers and friends to take an active part in this most worth while Society.

SHOWS

For greatest satisfaction in ordering bulbs we suggest, if possible, you see our exhibits of blooms this Spring. At this early date we are not too sure ourselves of all the dates and places but can suggest the following:

March 26, 10 a. m. to 9 p. m. Darien Community House, Darien, Conn., sponsored by the Darien Community Association Garden Group.

April 2 and 3, Garden Club of Gloucester Show, Gloucester, Virginia.

April 13 and 14, Garden Club of Virginia Show, Martinsville, Virginia.

April 16, Washington Daffodil Society Show, Woodward and Lothrop, Bethesda, Maryland.

For our many Maryland customers, we plan to have at least one exhibit at Malcolm's New House and Garden Shop.

We also plan, as usual, to hold a continuous exhibit of our blooms throughout the season in Gloucester at the Hodge Podge Shop.

BOOKS

For the convenience of our customers we have at present a large supply of the current issue of the R. H. S. CLASSIFIED LIST OF DAFFODIL NAMES Prepaid \$1.50

We will gladly order copies of the DAFFODIL and TULIP LEAR BOOK for 1955 now available from the Royal Horticultural Society. Prepaid \$2.25

THE DAFFODILS by Jefferson Brown is in our opinion the finest book ever written on the subject, practically a must for a true enthusiast. Prepaid \$3.75

We also highly recommend the above author's DAFFODILS FOR AMATEURS, a splendid handbook at \$1.50.

We would like to mention here a most delightful book on Gardening — "A Southern Garden," by a well known horticulturist and lecturer, Miss Elizabeth Lawrence. We will gladly order this for you Postpaid \$3.25

LABELS FOR DAFFODIL PLANTINGS

We have what we consider the IDEAL label. The 3½ by 1 inch zinc name plate has four holes through which the two 12 inch aluminum legs are inserted. The name plate can never come loose and if names are written on with weather-proof pencil, they will remain legible for at least 2 years. Price per dozen, postpaid \$1.50 — per 100, \$8.00.

MIXTURES

SPECIAL NOVELTY — An unexcelled mixture containing over 500 of the truly distinctive varieties listed in this folder. By the law of averages you should get 40 to 50 and can get up to 100 varieties in 100 bulbs. Planted in a cutting bed they will give ample and diversified blooms for the home over a long period each spring. Each year we discard around 100 varieties to make room for new and improved types. These discards are added to our **NOVELTY MIXED** which is in a class to itself for those not interested in name varieties, yet who desire fine and unusual flowers over an extended period each spring. **ACTUALLY WORTH DOUBLE THE PRICE** ----- **7.00 for 100**

SUPER NOVELTY — Guaranteed to contain 1 bulb each of 100 Novelty types. Never before offered. **\$10.00 for 100**

NATURALIZING — Only varieties which are adaptable to compete with nature in the wild state. Mixed - White - or Yellow ----- **5.50 for 100**

FALL BLOOMING BULBS

Shipped by us in June **ONLY** and should be planted immediately. Usually available in Seed Stores during October. Planted that late their chance of survival, especially in the north, is slim. Large plantings are to be seen at Colonial Williamsburg.

STERNBERGIA LUTEA — Large bright yellow crocus like flowers on 6 to 8 inch stems appear in mid September. **\$3.00 per dozen.**

LYCORIS RADIATA (Red Spider Lily) — Large circular clusters of bright red flowers on 2 foot spikes appear almost over night in mid September. A long lasting beautiful cut flower for the house, or a stunning item in the garden. The foliage appears in October and is a welcome spot of deep green in the garden all winter, disappearing in the spring. **\$3.50 per dozen.**

Both these items resent transplanting, especially if done at the wrong time, but will increase rapidly if left undisturbed. Radiata is especially touchy and care must be taken when digging not to break the thick fleshy roots which are never dormant, and take a year to replace if broken.

DAFFODILS ON PARADE & BUSHEL BARGAINS

That our **NEW INFORMATIVE CLASSIFICATIONS** have proven a success, we can judge from the many enthusiastic reports received. With the constructive criticism which was and will be most appreciated, we trust that it will soon be polished and perfected. However, for those who do not care to decipher codes and clamor for descriptions, we will again publish **DAFFODILS ON PARADE** in July, containing descriptions of about 400 varieties dug this year; **FIELD NOTES** and **RATINGS** on this Spring's blooming season by George Heath; various groups of highly recommended **NATURALIZING** varieties; several comprehensive **COLLECTIONS**, as well as **BUSHEL BARGAINS** (as we will have then completed digging and will know what we can offer in quantity). All who have ordered flowers or bulbs from us within the past three years will be sent **DAFFODILS ON PARADE**, but, as we plan to publish it as a reference book, please be sure to save this **BLUE LIST** for current prices. If interested in the above and not already a customer, please send for same and include 25¢ (deductable from your bulb order).
